*Thank You from Brian Moore and Stewart Alexander*

Hello Comrades,

Again, I want to congratulate Brain Moore for the tremendous effort that he put into the Moore/Alexander campaign; it was truly an historic event. I also want to thank all the members within the Socialist Party USA for their faith, determination and contributions that made our efforts so historic.

I also want to thank Matt Erard, Maggie Phair, Steve Tash, Susan Dorazio, Norma Harrison, John Reiger, Muffy Sunde, my mother Ann Alexander, my wife Vicki Alexander, Darcy Richardson, C.T. Weber, Steve Zeltzer, David McReynolds and Walter Brown who believed in me and helped me through some difficult periods in this campaign.

This campaign was very inspiring to me and I believe the campaign has inspired the socialist movement here in the United States. The need for our work is greater than ever as the nation and world is now witnessing the desperate attempts of the capitalists to rescue capitalism. The only hope for the working class has already been outlined in the Platform of Socialist Party USA.

We must not wait another two years to begin re-organizing for all that is ahead for the working class in the 21st Century; we must begin today. I will contribute to the efforts to help build the Social Party USA here on the west coast. We must continue to use the media to make sure our message is reaching the millions that are searching for real solutions and social change during these difficult times.

We have a difficult mission ahead of us within the next four years; the nation is already in a severe recession and a global depression is eminent. I believe our time has come. I place no hope in President Elect Barack Obama or the methods of the capitalists; I only believe in socialism.

I will be proud to move forward on the road that is before us in the company of all my new comrades in the Socialist Party USA and working with such an outstanding organization. I am also looking forward to assisting in the efforts to build the party and expanding our mission from coast to coast.

Comradely,  
Stewart A. Alexander
